Platform and KYC Update

Users must complete at least basic requirements to withdraw any tokens

Stage 1 (Basic) Requirements: Name, Address, Date of Birth, Country
S**tage 2 (Enhanced) Requirements:** Document ID (passports, license, other forms of ID pertaining to the country you live in)

Stage 1 (Basic) Withdrawal Limit: 0 BTC per day
Stage 2 (Enhanced) Withdrawal Limit: 100 BTC per day

Steps for KYC Completion

1. Please log into the Duality Platform located at: https://platform.duality.solutions
2. Click on "Account", then "Get Verified" on the left hand side menu bar.
3. Fill out the KYC information. First Name, Last Name, Date of Birth, Address and Country, then click "Next" and click the "Submit" button. **STAGE 1 (BASIC) IS NOW COMPLETE.**
4. You will receive an e-mail from do-not-reply@onfido.com, please be sure to check your SPAM folder for this e-mail. You will need to click "Click Here to Start Your Background Check" in the e-mail from Onfido.
5. Fill out the first Onfido form including First Name, Last Name, Date of Birth and Contact Information, then click "Save and Continue".
6. Fill out the second Onfido form including Country and Address, then click "Save and Continue".
7. Another page will pop up and if all your information is correct, click "Save and Continue".
8. Upload a clear picture of your Passport, license or identification depending on your country and click "Save and Continue".
9. On the last page verify everything is correct and click "Confirm".
10. **STAGE 2 (ENHANCED) IS NOW COMPLETE.** (You will need to wait approx. 24-48 hours for the verification process to complete, in which your Duality account will notify if approved).
11. Please note, some countries may not be available for KYC. If your country is not listed, you will not be able to obtain any stage of KYC verification.
